

DON CORNELL

The Original Classics II

Don Cornell's classic baritone voice has earned him 12 gold records and to date, Don's worldwide record sales have climbed to over 50 million. Cornell does things for a song that few singers can. He's a stylist with the rare ability to weave a miniature drama from a song's lyrics. This marvelous 46 song collection, digitally remastered from the original '50s and '60s recordings, is drawn from multi-label sources including many hit records from the vaults of Coral and RCA Victor. If you loved "Something To Remember Me By," this collection "I'll Be Seeing You" Vo. I & II, available on CD and cassette, is a must.
